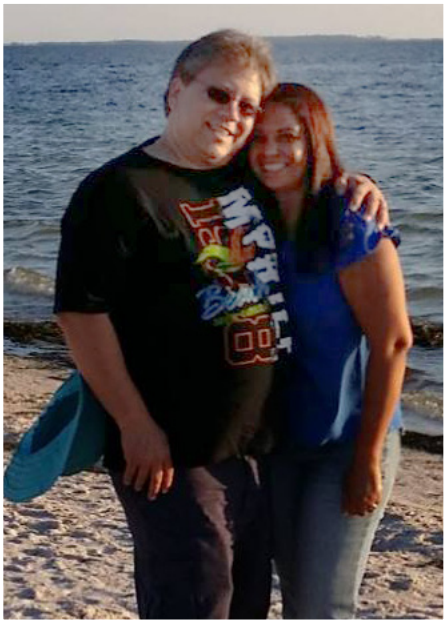
John & Ana



About Us

We have been happily married for 11 years. We are from different places in the world but we believe we were meant to be together. It is really an amazing story how we found each other even though we lived far from each other. We met in Ana's home country in the Caribbean when John went to visit there. Ana took him for a tour around her beautiful country. We fell in love right way, dated for few months and got married. We believe that all things come together for our good and also for the people that are placed in our path. In the same way, we already have been praying for the child we adopt. We live in a beautiful state with mountains, lakes and the beach--we enjoy them all. We enjoy both cultures, John's European and Ana's Latin culture, everything from eating the different foods and spending time with friends from our different cultures.

John (written by Ana)

I want to tell you about John, he is definitely my soul mate. John is very kind and when I came to the U.S. I found him raising his daughter by himself. I saw that he was a loving father with her and I could see who he was as a person. I felt loved and welcomed to their family. I am close to his family and am always cooking, shopping or traveling with his mother. Both of his parents are very kind people so I know where John gets it from. John is great with kids and he is a kid at heart, always having fun playing around, boating, swimming, making a fire pit with our neighbor, going to fun places and laughing a lot. He says life is too short, we need to make the best of it. John is very active in church loves to help people get connected in church to find a bible study to be part of, pray with them, show them people care, and seeing lives change for the better. He is kind, loving and is an outgoing, funny and fun person to be around. I just want to tell you that he will be a great father to your child.

Ana (written by John)

When I met Ana I fell in love right away. She has a beautiful heart, always happy and sweet, always thinking of others just like my mom. We came from different parts of the world but we have so many things in common and we enjoy each other's traditions and culture. Ana is very thoughtful and caring and it was such a blessing when we got married and we lived together as a family. It was so nice to have a women in the house, it's not always easy being a mom and dad all the time. Ana also helps her family still living in her home country because life is harder there and much more expensive. Ana is also a great cook, she cooks a lot of different foods including sweets like my favorite cakes, and the same dishes my mom makes. Ana has a beautiful singing voice, sometimes she sings in church and would rather sing in Spanish but I think she really sings great in English too I love hearing her sing. Ana is a wonderful person and will be a great mother to your child. Together we will raise your child to know God as his or her heavenly father.

More About Us

Hobbie	Traveling, exploring boating, watching sport	Traveling, boating, shopping cooking with new recipes
Favorite holiday	All holidays	Christmas
Favorite cartoon	Spiderman	Snow White
Favorite vacation	Anywhere with a beach	Caribbean, Disneyworld

Our Home

We have a 5 bedroom house in a nice neighborhood with lots of children. There is a pool and a park close to us. We have a very good school system and we really liked our daughter's teachers. They were always willing to give her extra help when needed. She is now grown and not living at home. We love children and want to expand our family by adopting. Our high school is the football state champions and it is very exciting for our community. We live outside of the big city so it's more of a small town atmosphere, with parades, fireworks, festivals and lots of children activities. Ana's mom lives with us and the kids call her Abuela a word in Spanish for grandmother. We can't forget Simba our Pomeranian, he is a good boy and we love him. This is a great community for children to grow up in with great schools and lots of opportunity.

Our Family

Picnic with John's fmaily

We have a loving family and have a lot of fun. On Sundays we go to a church that has a great kid's ministry and activities. We also volunteer every other week at church -- Ana works in the kitchen and John helps in the welcome tent. We like go to the lake and go out on our boat or go to the community swimming pool. There is a park close where we like to walk. We like to go on vacations to the beach and the mountains. But we also enjoy just having a movie night at home, eating popcorn or pizza and ice cream (lol). We love Christmas and generally we get together with John's family for a gift exchange, and then enjoy the cookies that John's mom and Ana cook together, as they share recipes. On the weekends we do a lot of things -- such as yard sales, go to the pool, boating, rent a movie or go to a movie at the movie theater. We go to the park, cook out and maybe make a fire in the back yard. We love making s'mores. We may eat out afterwards and go for ice cream, or to the pool or boating if we don't go on Saturday.

To the birth parent

We are John and Ana and we thank you for reading our profile. We are very excited about the opportunity and blessing to adopt. We love children and we definitely will raise your child in a Christian home with love and guidance. We both attend and volunteer in church. It is great to see people's lives change and to be a part of that. We do it to see what God can do through us. The priority in our lives is to love God first more than anything and our families, as we would your child also. We will make sure your child is well loved and well educated.

God Bless,

John & Ana

Why adoption?

We have thought about adopting for a while. We know that there are a lot of children out there that need a home. We considered adopting an older child but decided to adopt a baby instead. We have a lot of love to offer a child.

John's daughter is grown now and we love children. We have not been able to have a child together but we want to adopt and raise a child together.
