

Mike & Becky

About Us

We are Mike and Becky. Our story as a couple began in 2002 when we met at our church. We knew quickly that we were soulmates, and were married in 2004. We love spending time together and with our extended family. We love to travel, it really doesn't matter if it's a quick trip to the lake or across the country. We just love seeing new things and spending time with each other.

We are very dedicated to our Lord and the church that He has called us to serve in. Mike is the pastor there, and our church members are some of our closest friends. Before serving at the church we are in now, Mike was a children's and teen pastor at our former church. We loved that part of our life and still keep in close contact with many families that were a part of our youth groups. We are blessed that Mike's job takes care of our expenses, which leaves Becky free to be a stay at home mom! We are also blessed to own our own home free and clear, and think that it would be a great place to grow up. We live in a quiet little neighborhood just 5 minutes from a beautiful park. We love to spend time there.

In the 12 ½ years that we've been married, we have dreamt of becoming parents. We love our life and can't wait to share it with a child! We are excited about this dream becoming a reality!

More About Us

Mike by Becky

Mike is an amazing guy. He has a passion for God and his loved ones. He is the funniest person I know and can make people laugh and feel at ease.

He is also one of the strongest, most dependable people I know.

Everyone who meets him loves him, and he is great with kids. I have been blessed to have him as my husband and I know that he will make a great father.

Becky by Mike

Becky has a love for kids and family like I have never seen before. She loves spending time with her nieces and nephews. Not a day goes by that she doesn't quote one of their adorable sayings. She has also volunteered in children's ministries at church since she was a teenager.

Becky has been a wonderful wife and friend to me. I have been blessed to have someone so dedicated and loving in my life. She has a mother's heart already, and I know she will be a blessing to any child!

Fun Facts about us:

Mike does good voice impressions. He can't do them on command, but he does them at the funniest times. Our youth group used to get the biggest kick out of it. Elmo was everyone's favorite!

Becky loves farm animals; especially goats, chickens and cows. Going to the ocean is a must for her, but it is essential that she gets to put her feet in the water at least once a day no matter what the temp!

Our Home

We live in a 3 bedroom, 2 bathroom ranch home. The indoors reflect our love for the ocean with beach décor. We have a fenced backyard and it is not unusual to see rabbits eating away on our grass and bushes. We love our home. It is the perfect place for us, with plenty of room to share with new additions.

Our Family

Becky's family is large and very close. We love spending time together. In fact, Mondays are always spent on the family farm, catching up, riding ATV's and swimming. We also love taking trips together. Hawaii is one of our favorite destinations.

Mike's family is smaller but still just as close. We always gather for holidays and special occasions. Mike's mom is an amazing cook and baker, so family gatherings usually center around the dining room table.

We especially love our nieces and nephews! They range in age from 3 up to adults, and we love spending time with all of them!

Both of our families are part of our amazing support system. They are so excited of our decision to adopt and are so excited to make this new little one a part of their lives! They say it takes a village to raise a child, and we think we have a great village.

Dear Birth Parent

We want you to know that even though we haven't met you, we have already been praying for you and your baby. We want to thank you for taking the time to look at this small sampling of our life. We hope through it, you will see our love for our Lord, each other, our family and friends, and our future child. We know the decision before you is a difficult one, and we are deeply honored that you would take the time to consider us. May God bless you.

Why Adoption?

We have always known we wanted children. Due to fertility issue that Becky was born with, we have not been able to have children. It is not impossible we are told, and though we have tried a few different avenues, we truly believe the Lord is leading us to adopt. We have fallen in love with the idea of adopting, and we know that we have the capacity to love our children whether we give birth to them or adopt them.
