Adam & Hannah

A Note from Us!

Hello,

First of all, thank you for taking the time to get to know us a little better. We are so excited about the prospect of growing our family through adoption. We hope that through our profile and story that you will see that we are a caring Christian family who will love our children unconditionally.

Our names are Adam and Hannah. We have been together for four years and married for two. We first got to know each other through our church. Serving others through our church, we grew closer together. As we began dating, one thing we found to be a uniting factor in our relationship was our passion for adoption. As we transitioned from dating to marriage, adoption continued to be a common conversation.

Growing up in church together, we got to serve with each other and see how well the other worked with children. We both have worked with children at Vacation Bible School, children's church, and often in babysitting our 7 nephews and nieces. Our love for our nephews and nieces has really got us excited about growing our family.

Wanting to grow our family through adoption has a lot to do with how we view our faith. As children of God, we were adopted into God's large and diverse family. As God's family is diverse, we are excited about the potential of our family being diverse. Because of God's unconditional love for us, we want to give that same unconditional love to a child through adoption. We believe God has called us to adopt and we are so excited about this plan for our lives.

We want to thank you for taking some time to get to know our family a little better and considering us as an adoptive family for your child. We are excited about the possibility of becoming parents and hope you are encouraged by our love of family and children.

Adam and Hannah

Our commitment is to love our child unconditionally, give sacrificially, and raise them up in the nurture and admonition of the Lord.

Fun Fact about Hannah:
While in High School, Hannah sang the national anthem at all home varsity basketball games.

About Adam

Adam is the leader of our family. He is a Godly man who I am proud to call my husband. Adam is funny, caring, easy-going, and my best friend. I know Adam will be the most fun dad around. He loves to invest in the students who live around us, cares for his friends, and likes to goof off with our nieces and nephews. I am looking forward to seeing him grow into fatherhood as we raise our children together.

Adam grew up in a loving and active family. He grew up playing sports, fishing with his family, and vacationing to visit his family in other states. Adam got his degree in Christian Ministries. After graduating from college, he continued his education to obtain his Masters of Divinity. Adam served as a missionary in Central Asia for two years before returning to marry Hannah. Adam now serves as a Resident Director at a university investing in the lives of college students while coaching high school basketball in his free time.

Fun Fact about Adam:
For his 18th birthday and his friends 80th birthday, Adam and his friend went skydiving to celebrate.

About Hannah

Hannah loves people deeply and they always know that. Hannah loves to laugh, tell stories, and spend quality time with those she loves. She invests in people and not in things. She is always looking for creative ways to spend time with our nephews and nieces and they love her for that. Hannah is going to make a great mother and I'm excited to see her grow in that role.

Hannah grew up in a loving and caring family. With a large extended family, her get- togethers always consisted of lots of food. Her family was very active in the local church, after school sports, and their neighborhood. After finishing high school, Hannah worked full time for a few years before attending cosmetology school and gaining her hair styling license. After finishing school, and getting married, Hannah worked as a stylist for two years. Currently she works part time as an Admissions Counselor at the local university and styles hair for students on campus in her spare time.

Our Family

Adam's family is an active and loving bunch. He is the youngest of three, so his 6 nieces and nephews are waiting for a new cousin to play with! It is always an adventure when the whole family gets together. Many times it includes finding treasures in Papa's big back yard, setting up obstacle courses and racing through them, or simply playing hide and seek.

Hannah is a part of a large, loud, and loving family. Growing up, food has always been the centerpiece of the holidays. Having grandmothers that are always in the kitchen, Hannah has learned to love hosting friends and family gatherings. Hannah's brother just had their first child, Jude, who eagerly awaits his new cousin! We are so excited to bring our child into this loving group of people we call family.

Our Home

We are part of a small town in the middle of cornfields. Our community is full of loving people who have been so excited and supportive of our adoption. We live near hiking and biking trails, a lake, and local parks that we venture to often. We've included some pictures of our friends and neighbors who make our community a great place to live.

We love hosting friends in our home.

In Our Free Time

Living in a small town, we don't have a lot to distract us, which allows us to do a lot together. We like to cook together, hike in our many local trails, bike around town, and play board games with friends. Hannah also enjoys baking, scrapbooking, bike rides, styling hair, and any DIY projects. Adam is very active and enjoys running, fishing, coaching high school basketball, and playing video games.
