tony & Jandi

Hello!

We are Tony and Jandi. We met 13 years ago at Jandi's work, and hit it off quickly. Our first date was on Tony's birthday, where we went out to dinner, and a movie. We are celebrating our 10 year wedding anniversary this year with an Alaskan Cruise. We love spending time outdoors, and traveling the world. We enjoy many of the same activities and have been on many adventures together from zip lining, parasailing, boating, sled riding, four wheeling, snorkeling, and even swimming with dolphins. Jandi is still working on getting Tony to enjoy Kayaking with her. We both love to cook, Tony is the grill master, and Jandi likes making homemade meals in the kitchen.

We both have built successful careers, and supported each other's dreams throughout our relationship. Jandi is a Regional Director at a retail organization, and Tony works in Public Safety. We both enjoy the fact that our jobs provide us the ability to help others and support the local community.

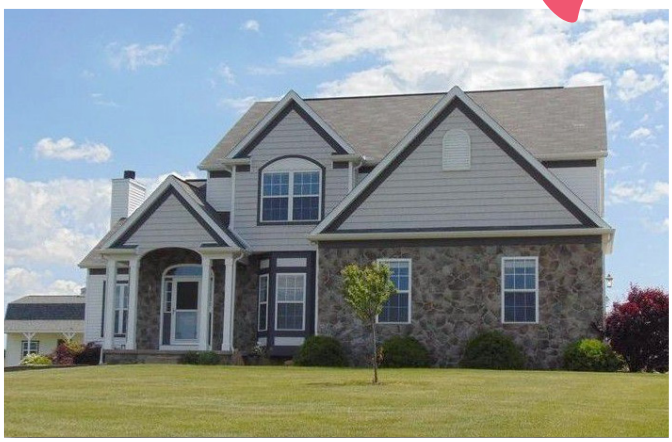
More about Us

Jandi written by Tony

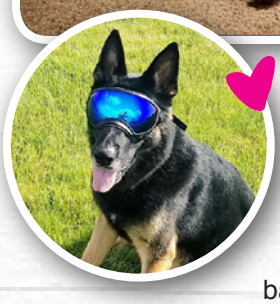
I have the privilege of being married to my best friend, and I could not imagine my life without her. Jandi is hardworking, dedicated, and a loving wife. She would do anything, for anyone. Jandi enjoys spending time volunteering for children's organizations through both of our jobs. She gives selflessly, and wholeheartedly. Just last year Jandi had the opportunity to meet a little girl. The girl had shared she wouldn't be receiving Christmas gifts. Jandi wouldn't let this happen and spent weeks shopping to provide this little girl the best Christmas ever. I have known for a long time that Jandi will be an amazing mother to our children. Watching her glow when spending time with our nieces and nephews brightens my day. I value the time we get to spend together and the memories we continue to make.

Tony written by Jandi

Tony is my rock, my supporter, and my hero. He is genuine and kind hearted. I cherish that Tony holds me tight and tells me that he loves me each and every day. I know that I am a lucky wife in that he shares equally in household responsibilities- well… almost all of them, he draws the line at cleaning toilets. Although large in stature, Tony is a great big teddy bear. I remember our niece at a young age being frightened of him. This bothered him, and he worked to win her over quickly through his charm. Tony is compassionate, and a giver. One time Tony found out that a little girls bicycle was stolen. Unbeknownst to anyone he went to the store and bought the prettiest bike he could find for her. These are just some of the small things he does that make me smile each and every day. I can only imagine the care, compassion and support Tony will offer to our own children when the opportunity comes.



our home



We live in a quiet country setting, in a growing development in Jandi's hometown. Our home is two stories, with 4 bedrooms, and 2 and ½ baths. We have a large backyard that we enjoy spending time in with friends and family having cookouts, bonfires, or just relaxing on a nice day. It is routine for us to have large holiday gatherings in our home with our extended family.

Last year we had a special guest with Santa Claus stopping by to see all of the kids. There are several families with small children that live and play in our community. We enjoy going for walks on our quiet street and seeing all of the neighbors outside playing. We live within minutes of 2 parks, and other recreational activities. Our home is conveniently located within 15-20 minutes of many larger cities with lots of attractions.

At home we have three precious dogs- Rocco and Princess, our American Bulldogs love being in the country where they can run free in the yard. They spend lots of time playing, and snuggling together. Onyx is our beautiful German Shephard. He is very active, and loves to play ball in the yard. All of our dogs love visitors, especially when our nieces and nephews come over to play with them.

We are blessed to be surrounded by our family, with whom we interact with on a regular basis. It is common to find us celebrating a birthday, attending a school sporting event, watching a parade, enjoying a backyard bonfire, or vacationing together. Our favorite place to vacation with our family is in Disney World. Jandi grew up being the only girl with 4 brothers. Surprisingly, Tony fit right in, and quickly became part of the family. We live just down the road from Jandi's brother Bob, his wife and 4 kids. Jandi's brother Nathan, brother Braden, Dad and Mom all live within 15 minutes of our home. Jandi's brother Dustin lives about 2 hours away with his wife, and 4 children- but, keeps in constant contact with phone calls, pictures and visits. Tony grew up an only child about 20 minutes from our home- where we spent the first 10 years of our lives together in his hometown. Tony's Mom and Step Dad live 20 minutes from us. Tony's Dad and Step Mom live out of state, but we stay in contact weekly. We have 8 nieces and nephews that love to spend time in our home. We may be guilty of spoiling them from time to time. We are also surrounded by many aunts, uncles and cousins with whom we are very close. When not spending time with family we enjoy traveling, going out to eat, or just spending time with our close friends. Many of our friends have growing families, and we are excited for the opportunity to get to introduce a child of our own.

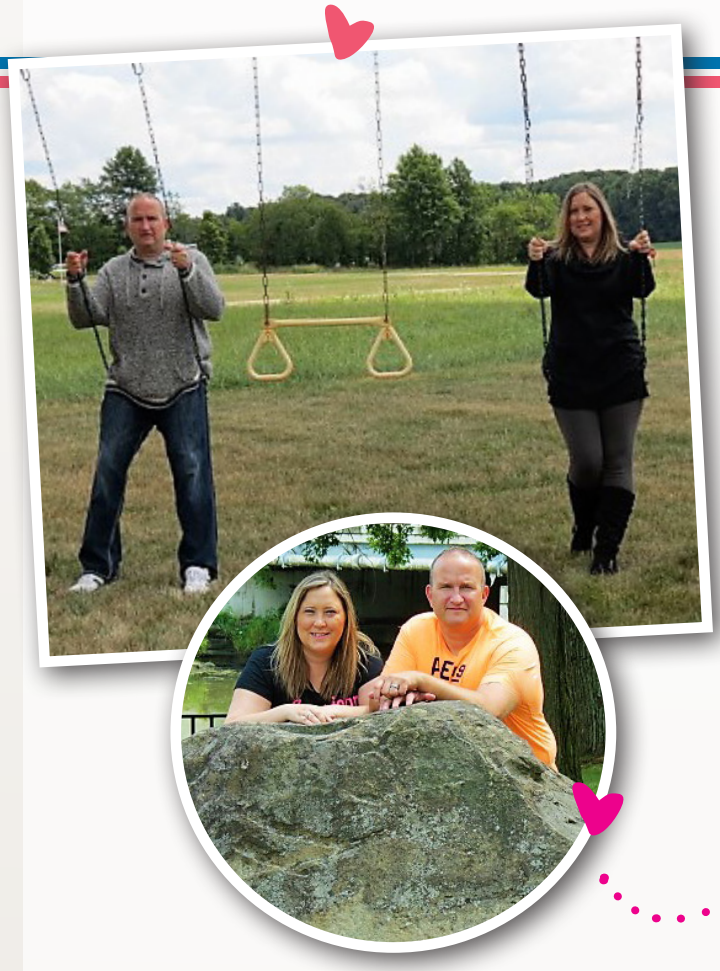
dear Birthparent,

We appreciate the time you have taken reviewing profiles, and admire your courage as you work through your decision. We truly hope that this glimpse into our lives has provided you a sense of the caring, passionate, and fun loving people that we are. We hope that you recognize that family is a top priority for us, and that we can't wait for the right child to find us to grow with. We know you have probably looked at many other profiles, and respect any decision you make in finding the right family for your child. If chosen we promise to provide a safe, loving, and nurturing family for your child. Through many challenges in life, our love has remained unconditional. We believe that everything in life happens for a reason, and know that with due time we will receive the child of our dreams. We embrace family as much more than blood, and open our arms, hearts, and home to a child of any gender or ethnicity. We look forward to the opportunity of speaking with you as you continue this journey.

With Love, Tony & Jandi



Why adoption?

We knew when we got married that we wanted to build a family together. We immediately started trying to have children, and went through years of unsuccessful fertility treatments. Through lots of conversation, research, and soul searching we found adoption to be a great opportunity for us to be able to grow our family. We are excited for the opportunity to welcome children into our home, and family. We believe family ties run much deeper than blood, and would be honored to welcome children into our home to love, nurture, and make lasting memories with.
