rob + brandi

about us

We have been happily married for 10 years, and we truly enjoy spending time with each other. We are both from very small towns and close-knit communities. Our relationship is built on trust, communication, laughter, and love. Our favorite things to do are taking our dogs to the park, cooking out, biking through the neighborhood, going to ball games, watching movies (even though Brandi never shares the popcorn). We both share a love for camping and can't wait to share our outdoor adventures with a child.

Our determination and hard work through the years have blessed us with great jobs and financial stability. The only thing missing is a child, which would bring a whole new level of joy to our home.

about brandi (written by rob)

Everyone hopes to meet someone to spend the rest of their life with and I hit that jackpot when I met Brandi. She is passionate, smart, beautiful, and funny. Brandi is the most caring person and I am an extremely lucky man. She is a dedicated wife and animal enthusiast. She loves to read books, ride bikes, go camping, and socialize with family and friends. We both love the great outdoors. I can't wait to see her share those adventures with a child. Brandi's smile and personality is contagious to anyone in the same room with her. She's been through a lot in our years together, but is always determined to have the most positive attitude through anything. I have never known anyone so strong. She is my "rock" during hard times and my best friend. I can't imagine going through this life with anyone else.

about rob (written by brandi)

There are so many things I love and admire about Rob. He is the most kind-hearted and hard-working man I know. He is the kind of husband that opens doors for me, holds my hand, and makes me soup when I'm sick. His outgoing personality and great sense of humor draw people to him. We laugh every day! He loves spending time with his family and friends. At family gatherings, if he isn't helping flip burgers on the grill, then you can probably find him on the floor playing with the kids. Children are just naturally drawn to him. He is a laid back, fun loving guy with a heart of gold. He's always willing to lend a hand to family, friends, and neighbors. Rob is very artistic, and loves to draw and play guitar. He also enjoys building things and tinkering in the garage. Rob is my best friend and partner in all things. I am truly blessed to call him mine, and can't wait to see him as a dad.

our home

Our house is a 5 bedroom 2 bath home with a fenced in yard and a lot of memories. This was actually Rob's childhood home! After living out of state for 12 years together, we relocated back to his home town to be closer to family. We are excited to grow our family and make new memories here while carrying on family traditions. We are in a small town, but close to many parks and schools. Our neighbors are wonderful and so excited for us to grow our family through adoption.

our pets

Our pets are a big part of our family. We have 5 fur-babies that we love dearly. Our two cats, Auzzie and Cheddar, are both 12 years old.

Milo is our 10 year old Jack Russell Terrier. Xena is a small, 5 year old Shepherd mix. Finally we have Gunner, a 3 year old Golden Retriever mix. We love to take them to the park to run and walk them through the neighborhood.

our family + friends

Brandi's Family

We are blessed to have close-knit families and several dear friends. We both grew up with 2 siblings each. We now have 7 nieces and nephews that we love dearly. They live in several different states, which makes for great vacations! We have many memories with family and friends including trips to the beach, tours through wine country, and even a cruise to the Bahamas! Both of our families have holiday traditions that we can't wait to experience with a child. We typically alternate holidays with the families. Rob's family has a karaoke event every Christmas Eve, and Brandi's family reads 'Twas the Night Before Christmas to the kids and then we all wake up super early to open gifts on Christmas morning. We have a very large support system, and they are all ecstatic that we are on the journey to become parents.

dear birth mother,

Thank you for taking the time to get to know a little about us. After struggling with infertility and miscarriages, we are more than ready to welcome a child into our family, and so grateful that you are considering us as the adoptive family for your baby. We have so much love in our hearts to share with a child. We have a very large extended family, so we know that love makes a family, not biology. Our lives are blessed with people from different races, cultures, and backgrounds, so we would welcome a child of any race or culture with open arms. Hopefully this profile will give you a glimpse of the love in our family and the support system surrounding us. We are so ready to grow our family through adoption. Please know that we are praying for you as you make this decision!

sincerely,

rob + brandi

why adoption?

We have always dreamed of being parents. After struggling these past 10 years with infertility and a few miscarriages, we've realized that our dream can still come true through adoption! We are looking forward to sharing our love, family traditions, and outdoor adventures with a child. Our hearts are so ready to welcome a baby into our family.
