Caleb & Hannah

Hello
We Are

Caleb & Hannah

From Ohio

Dear Expectant Mother,

Thank you for taking the time to read our letter and view our profile. We hope that through these pages you will get to know us a little bit better and the family that we would love the opportunity to provide. Regardless of what you choose – we commend you for considering adoption to provide for the unborn baby that you love.

We do not yet know you, but we are so grateful to you, admire you, and respect you. There is no greater love or braver act than giving life and a future to another. We wish that we could wrap you in our arms and help you carry the weight of this huge decision. We want you to know that our hearts are with you and your child and that we are dreaming of the day that we will get to meet you both.

We are a Christian couple that believes in kindness and compassion, helping others, accepting people from all walks of life, celebrating our differences, and trying to make the world a better place in whatever small ways that we can. We hope to pass these values on to our children by leading by example.

If you would like to meet us we promise to be open and honest and will do our best to answer any questions that you may have. We consider ourselves down to Earth people that are approachable and easy to talk to.

Caleb & Hannah

Why Adoption?

We have always dreamed of building our family though adoption and after finding out that we are unable to have biological children, we knew that adoption was the perfect way for us to become parents. We both come from very multi-cultural families and we would be so blessed to welcome a child from any culture, race, or gender into our family. We promise that this child will be cherished, loved, valued,and given every opportunity in life to succeed.

Our Life Together

We have been happily married for 7 years. We met for the first time on a warm summer evening in August. A few weeks before, Caleb had logged in to his online dating profile and noticed that he had new message. That message was from Hannah. 10 months later we were saying "I Do" surrounded by friends and family as Caleb played and sang a song on his guitar that he wrote for Hannah. Through the years, we have built a strong foundation of trust and respect and we both enjoy simply spending time together and we both consider each other to be our best friend.

Finally becoming parents to our son has been our greatest joy and most fulfilling adventure together. There is nothing better than spending time together as a family and watching all the exciting developments and milestones that Mack has reached over the last two years. We love to find new ways to keep busy as a family and see the world through Mack's fresh eyes with a sense of wonder. We really look forward to sharing in all of these firsts again with another child.

Caleb is the most kind, compassionate, and considerate man that I have ever met. He makes me and our son feel loved, accepted, and special. He is so talented whether it be playing the guitar, singing, or coming up with new jokes to make me laugh. He is so loving and he goes out of his way to help family, friends, and strangers. He is so smart and he makes solving complex problems look easy. He is also a great leader at work. He completed a Bachelor's degree in computer science and has worked in software development and management for the last 8 years. He is the go-to when anyone has a computer problem to solve or something heavy needs moving!

I often find him on the floor in the playroom surrounded by toys and playing with our son. He truly enjoys getting to be a dad. He will go from working a full day in the office to coming home to help me with dinner and dishes and diapers and bedtime. He values quality family time. Caleb is the kind of person that everyone just wants to be around. He exudes warmth and genuine compassion and I am so thankful to be his wife.

I'm very excited for you to meet Hannah! She has a heart that loves and cares for so many people, and she uses that love to nurture and bless those around her. She is caring, supportive, and passionate. Hannah shows such love and compassion for our son. She loves him without abandon and takes amazing care of him as a stay-at-home mom. Hannah does so much to take care of our little family and she clever and funny to boot!

She graduated with Bachelor's degrees in Professional writing and Literature and is passionate about reading to our son every night at bed time. She hopes to pass on her love of reading to him. I love and cherish Hannah for so many reasons, especially for her steadfast spirit. Hannah is also very creative and she puts her whole heart into all her projects.

She loves fashion, make-up, and believes in body-positivity. She runs a very successful YouTube channel in her free time, where she loves filming fashion try-ons, make-up tutorials, and beauty unboxings. She shines bright and is a wonderful wife and mother.

Hello!
I'M Hannah

Mack is literally the sweetest little boy that you will ever meet! He joined our family through adoption in May of 2018. With his big heart and dimples, he brings smiles to everyone that he meets. He loves playing with cars, especially Lightning Mcqueen and Mater. He has been to Disney World three times already on vacation and his favorite thing to do is meet characters like Winnie the Pooh and Mickey Mouse. He has a major sweet tooth and loves to try new foods. He loves spending time with his cousins and prefers to use his imagination and play with toys and play outside! He loves being able to stay home all day with mom.

We are so excited to see him become a big brother one day. He absolutely loves babies and he is so incredibly sweet and gentle, giving light pat pats on the toes of new babies. Mack is extremely smart and is saying so many words already! He loves singing, reading books, and warm bubble baths filled with plenty of toys. Mack is an absolute joy to spend time with and we are so thankful to his amazing and beautiful birth mother that chose us to be his parents. He is so excited at the prospect of having a sibling and best friend to play with everyday!

Welcome to our Home

Our home is nestled in the middle of a beautiful sidewalk lined neighborhood. Our local schools, parks, library, and town museum are just a short drive away. Our home sits in front of a tree-lined field that frames the bright pinks and reds each evening as the sun sets. We have a big backyard that offers plenty of room to run, play, and explore. Our first desire when choosing our home was to live close to our family. **We are blessed to live directly across the street from Hannah's sister, her husband, and our 6-year-old and 4-year-old nieces.** We often share meals throughout the week and take long walks together in the evenings to the nearby lake while our nieces ride their bikes. Hannah's parents are only a three-minute drive away. **Our home is a new build and is just over 3,000 sq ft – with four big bedrooms, a playroom, and three bathrooms.** You will often find us in the kitchen, cooking up one of our famous sugar cream pies or curled up in the hammock on the front porch reading a good book. At Christmas, you will find a big tree adorned with the collected ornaments from our childhoods - featured in the large family room. At Halloween, you will find carved pumpkins on the front porch and candy filled bowls ready to be passed out. At Thanksgiving, you will see our entire family gathered around the table to celebrate all the people that we are thankful for.

Our Family

Both of our families are passionate about adoption, foster care, and caring for those with special needs. We are proud of the diversity in our families and love that we can help our son understand his cultural heritage as he grows and that he shares the same culture with several family members.

Our families are large and diverse on both our family sides. We have family in Ohio, New York, and Norway. We both have great relationships with our parents and siblings and we love spending time with our many nieces and nephews. Hannah has an older sister that lives just across the street and her parents are only a three miniute drive away.
