Brian & Adrian

About Us

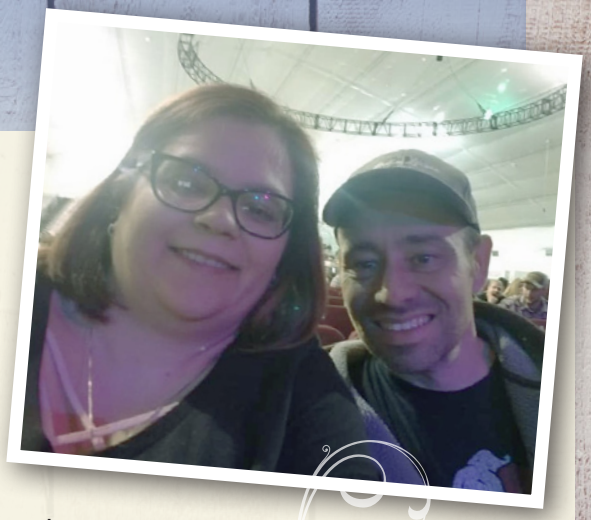
Hi! We are Brian and Adrian. We met eight years ago on a dating website. Neither one of us thought it would work out. Turns out it was God's plan for us to meet that way. We learned that we had so much in common. We quickly became each other's best friends and have been inseparable. We married in 2013 and settled into life with our Fur Baby (Labrador-Mix) Caramel.

We enjoy spending time together and with our family and friends. A fun weekend for us is having cookouts with friends and family, playing games, relaxing in our pool and watching our son enjoy his playhouse/swing set.

In 2017 we became first time parents to an amazing little boy through adoption.

Brian is a fifth-generation farmer and Adrian is a stay at home mom. Since Brian works close to the house on our family farm, he doesn't miss a lot of time with our son. Our son loves to "go to work with daddy" riding in the tractors and combine with Brian. Adrian is very fortunate to be a stay at home mom. Being home she can tend to the gardens that she loves and cook the meals she loves making for our family.

We love to take little weekend trips to the local zoo, parks, festivals, and county fairs. We love to support our nieces and nephews in their sporting events, fundraisers, and 4-H projects.



Fun Facts & Favorites

Brian:

Color:	Blue
Food:	Pizza
TV Show:	The Big Bang Theory
Vacation:	Tennessee Mountains

Vacation:	Anywhere with a Beach
Holiday:	Christmas
Hobbies:	Cooking, Gardening, Crafting, Reading and Swimming

About Brian *(Written by Adrian):*

Brian is an easy-going and caring person. He is a very patient person. He loves to be with our son, our dog, friends and family. He also loves watching sports on TV or live. He loves when we can get our family and friends together for cookouts and gatherings. Our Nieces and Nephews love spending time with him as he always finds something fun to do with them. The bond he has for our son is unshakeable. They are like two peas in a pod. Our son loves to go do all the farming with Brian. He can't wait to share that love with another child. We are so lucky to call him Husband, Father and Best Friend.

About Adrian *(Written by Brian):*

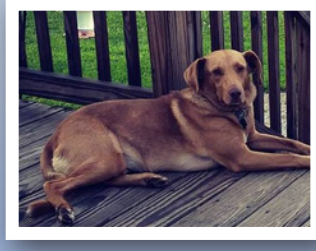
Adrian is kind, loving and easy going. She enjoys planting flowers and taking care of our garden which is a lot of hard work. She also takes the time and volunteers at church. She always makes sure that everything is taken care of at home. She enjoys spending time with friends, family and above all else spending time with our son. She does special little Mommy & Son Dates with him where she takes him to the park or out for his favorite lunch or ice cream. She is my best friend and a loving mother and wife. She has so much love to share with us and add in another child.

Our Son

In 2017 we received a blessing to grow our family through an out of state adoption. Our son was born in February after only being matched for nine days. We were so excited to get the call that he was born and couldn't wait to get to the hospital to meet him. The minute we laid eyes on him we fell so deeply in love. He is a spunky four-year-old that loves tractors, trucks, and his doggy. Even though our son is of a different race, the racial differences are not an issue with our family and friends. They all Love him and embrace him for who he is. We know that no matter race or ethnic background we can love a child with all our hearts.

Our Home

We live on Brian's family farm. We live in a 3 bedroom, 2 bath home. Brian is the fifth generation to live and work on the farm. We find living in the country gives us so much more room to do things. We have a swimming pool, fire pit, and a swing set. We have a huge yard for lots of running around, playing ball, and riding bikes. We live in a great community with lots of young children to play with. Our Church is only about five minutes down the road, and we are no more than 10 to 20 minutes away from other fun things like parks, bowling, shopping, and roller skating.



Our Dog

We have a nine-year-old Labrador mix breed dog that we rescued as a puppy. She is a very loving and affectionate dog and gentle kids and other people. Our son even calls her his Sissy Dog.

Our Family

We love to spend a lot of time with our family and friends. We try to get together on all holidays and birthdays. These times are very important to us as we have both lost a parent. We know that life is short, and we want to make sure that we can make as many memories as we can. We enjoy getting together for summer cook outs, swimming in our pool, game nights and just being together with friends and family. We both have family and friends that live out of state that we love to go visit. We also love to take trips to the zoo, park, and children's museum with our friends, family and their children.

Hello, we want you to know how much respect and love we feel for you already. We cannot imagine what a difficult decision this is for you, and know that we pray for you daily, and that you would have the strength and the courage you need as you journey through this process. We know that you want the best for your baby, and we pray that you find us to be all you hope for your child. Thank you so much for taking the time to learn about us and for considering us as you make this difficult decision on who will parent your child. We hope that through this profile, you will be able to see the love we have for each other, our son, our families and the endless unconditional love we can give another child.

Brian & Adrian

Why Adoption

Growing up we always imagined of one day getting married and having a large family. After we were married, we tried to have a child for several years. Through many unsuccessful attempts and devastating miscarriages, we decided to see a specialist. After it was confirmed that we had some fertility issues we decided to talk and pray about our choices. We knew we wanted to be parents and found that God was calling us to adoption. We have never been happier than listening to that calling. We have already adopted once and have been so blessed with our son, that we feel we are ready to add to our family again through adoption.
