Josh & Jesse

About Us

Hello! We are Josh & Jesse. We've been married for 8 years which have flown by. We went to grade school together only to come back into each other's lives 9 years after high school.

Josh is an ER Nurse working 3 days a week which allows him the flexibility to be the present dad he dreams of being. Jesse is a part-time Pharmacy Technician & will be a stay at home mom once our child comes into our lives. We are very supportive of each other, we approach everything together as a team. We have enjoyed renovating our last two homes together in which team work was essential. It definitely has been a good bonding experience!

We have 2 fur & 9 feather babies. Kolbie Lynn is a beagle. She has a momma heart, very smart, active & stubborn but an all around lovey dovey, ready for cuddles or snacks at anytime. Bexley Archer is our standard schnauzer. His favorite thing in the whole world is talking and playing ball. He had a spinal stroke last winter & thankfully Jesse was able to take time off work to take care of him. Together we helped rehab him until he could do things on his own again. He can run like the wind with only a minor limp when he walks, it's amazing! Most importantly to you, & us, the pups are great with kids. Our chickens are all very social.

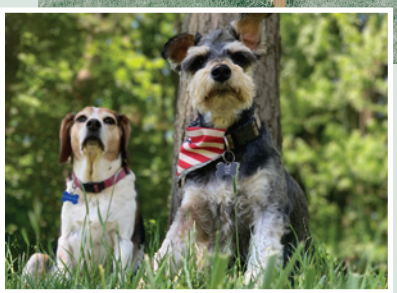
About Josh by Jesse

Josh is ambitious, extremely smart, steady, fun loving & a faith filled man. I find myself in awe of his talents all the time. Such as, all the things he knows how to do & has created as we renovated our home as well as the fun side projects we have worked on together. I honestly think that there is nothing this guy can not do! He is adventurous & outgoing. He can be serious & diligent one moment & the next be breaking out some killer dance moves. Josh has a real knack for making others feel safe & at ease, I think it's his genuine kind nature. It's a true joy for me to watch him play with our friend's & families kids. He is a natural & I know he will be such an amazing dad! He is a selfless, hard working man that always puts our family first. He goes above & beyond to help friends & family whenever he's able. It's clear, his faith, integrity & morals are his guiding compass. I know I am blessed to have a fiercely loving & attentive man as my best friend & teammate in this life.

About Jesse by Josh

Jesse is by far the most genuinely caring & loving person that I have ever meet, & as a nurse myself, that is a hard challenge to compete against. She is shy when you first meet her, but if there is a kid or an animal around, she lights right up. She loves playing cards or any board game that brings people together to talk. She is the master of corny jokes. Jesse is an inspiration to many others, a true example of a good old country girl, hardworking, & does the best she can with whatever, whether at work or home.

I could not ask for or have God provided me with a more beautiful, attentive, & kindhearted woman, to enjoy this journey of life with. I know full heartedly that she will make an outstanding mother for our child. Jesse will do whatever it takes to give our child a happy, healthy, & loving home, to teach & protect them. Jesse & I work hard as a team & we pray for the opportunity to raise a gift from God together.



Our Home

We gutted & completely renovated a 4 bedroom, 2-1/2 bath, 2 story brick home with basement & fenced yard in a quiet suburban neighborhood. We love the peacefulness of our area & how welcoming & friendly all our neighbors have been. There is even a nice park within walking distance with a play ground for the neighborhood kids. We enjoy hosting cookouts & game nights on our deck that we built in the back yard. We have lots of room for our future sweet little one in our home & their bedroom has the best view of the back yard.

While we love our home, our pups truly give it that welcome home feel. Kolbie & Bexley love kids of all ages. They are even pals with our 9 chickens. All of which have names of course; Layanna, Emmie, Wren, Brianne, Longneck, Fawks, Halstead, Hankie & Trudi. They all have their own personalities & have been such a blast. They love being around us, the pups, kids.

Family & Friends

Our family members are so excited & eager to be a part of our growing family. We feel very blessed to have so many loved ones in our support system. They are ready to spoil our kid(s) rotten! Though we do not all get together weekly or some times even monthly, we both come from larger extended families. We do tend to have lots of fun gatherings for holidays, birthdays, weddings, graduations, game nights & cookouts just because. Jesse's side likes to get together to make applesauce, canning & crafting. While Josh's side loves meeting at the family farm for a day of fishing, hunting, exploring the woods & camping.

We are blessed with genuine friendships that span back decades throughout our lives. Our friends are truly an extension of our family, they are thrilled for us & our future child. Our close friends & treasured neighbors have offered to be there for us for whatever may come up, whether it be a helping hand or need of advice. We are supported by encouraging people in our lives.

Dear birth parent(s):

Thank you for taking the time to look over our profile, getting a glimpse of who we are. To us, adoption is an amazing gift! However we respect that for you, this is an incredibly difficult decision. You must be a remarkably selfless & compassionate person to think about your child with such pure love. There simply is no other words for it! Though your decisions ahead are hefty, we pray for peace & calming over you.

With so much weighing on your mind, let us offer our devotions to you & your child. We promise to provide your child with loving, nurturing, creative & adventurous parents. Sharing in their excitement & joys as well as being there for them, supporting & encouraging them in their endeavors. They will know how completely they are loved by you & by us. They will be cared for emotionally, physically, spiritually & financially. We assure you we will do everything we can to help them grow into a caring, adventurous, passionate & genuine individual. We look forward to sharing in the experiences of sports, music, adventures, education & guiding them wherever their desires take them.

Whomever your choice may lead you to, we pray you find comfort & calming knowing you've made the best choices for your child.

Thank you for considering us,

Josh & Jesse

Why Adoption?

Once we met we both knew adoption would be part of our family plan. We have enjoyed our time as just the two of us, now we're ready to share our lives with a little one. A few years into trying we found out that adoption is the best for us to grow our family. Our faith & supportive nature of our marriage is what helped us grow together as we have gone through many miscarriages as well as life's ups & downs. We have been praying for an addition to our family & multiplying the excitement & love within our home. We feel truly blessed to possibly have the opportunity to cherish, protect & love your child.
