about us

Our story started in 2002. We were both in a community service organization through our high school. We met at one of their events, and a few weeks later we attended the homecoming dance together. A few days after that we started dating. A simple high school crush turned into dating for 9 years, and now married for 11 years. Our journey through life together has strengthened our faith, helped us to become more compassionate, taught us the value of patience, and to love deeply.

We enjoy spending our free time with those closest to us. We look forward to our regular pizza nights, when friends and family from all sides come together to share a meal and conversation. Most weekends in the summer we invite people over for pool parties and bonfires. We love to travel out west to visit our friends and enjoy the beauty of the mountains. Even when we are at home, we enjoy spending time outdoors and taking in all that nature has to offer. Most weeknights we cook dinner together and, on the weekends, like venturing out to nearby towns to try new restaurants. We are so excited to grow our family through adoption so that we can have a child to be part of our adventures!

about Brian *(written by Megan)*

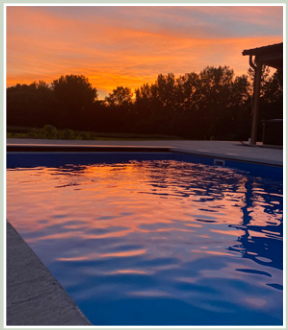
I am beyond blessed to call Brian my husband. He is kind, thoughtful, and generous. He is a natural provider, who is always looking for ways to care for his friends and family. Brian is the one that I rely on for unconditional love, support, and encouragement. He has a strong work ethic and is committed to achieving our family's goals. When interacting with our nieces and nephew, Brian never hesitates to join in with whatever activity or game they want to play. I have no doubt that he will be an amazing dad!

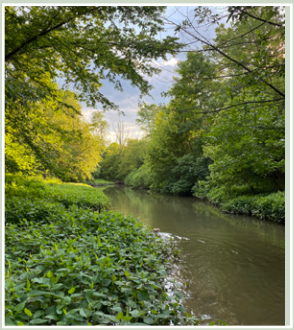
about Megan *(written by Brian)*

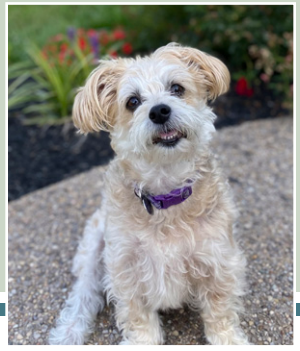
Megan is a loving, caring, smart woman who is always thinking about others. I have known her for 20 years of our lives and she never ceases to amaze me with her genuine and thoughtful personality. Megan is consistently putting others before herself and showing others the love of Christ. The attention and effort she puts forth with our nieces and nephew only reminds me of how fantastic of a mother she will be. Any child would be truly blessed with her as a parent!

home Sweet home

Our home is a 3-bedroom ranch on 37 acres that includes farmland, a large wooded area, walking trails and a creek. Knowing that this is our forever home, we have worked hard to add landscaping, a patio area, a pool, and a pole barn. Our small town has a highly rated school system, churches on nearly every corner, several playgrounds and parks, a hospital, many restaurants & shops, a library, and various, regular local events and festivals. We live about 30 minutes away from our families and a major metropolitan area. Our home and community would be a wonderful place for a child to learn, grow and explore.







Meet Daisy

Daisy is our 11-year-old morkie (Maltese/Yorkie mix). She enjoys our property as much as we do. Playing in the creek and going for walks are two of her favorite things, which can only be topped by taking a nap. Daisy would love to have a human brother or sister to join our family!

our family + friends

We have a wonderful support system through our friends and family. We often spend time with Brian's parents, sister, brother-in-law, niece, and nephew. For years we had a weekly pizza night, but now that our niece and nephew are getting older, we have added attending gymnastics classes and t-ball games to our family night. Megan's brother, sister-in-law and niece live several hours away, yet we both make it a priority to visit one another monthly. Several times throughout the year we gather with our extended families and friends for cookouts, birthdays, and holidays. We are surrounded by a group of incredible people, who couldn't be more excited to love and support our child.

why adoption?

Even before we knew having children naturally was going to be a struggle, God had planted the seed of adoption in our hearts. We believe that God has a plan and purpose for our lives. Therefore, everything happens for a reason. Looking back at the twists and turns that life threw at us, it has become clear that adoption is the path God wanted us to take all along as a way to build our family. We couldn't be more excited to see what God has in store for this chapter of our lives. We look forward to welcoming a child, no matter the gender, race or ethnicity, into our family with unconditional love and support!
