Matt & Sarah

About Us

Matt (written by Sarah)

For the past 12 years, I have been blessed to do life with Matt. He is an amazing person inside and out. Matt is the guy you call when you need help moving, working on a project, or just need a word of advice. Matt's knowledge of sports is more than I can comprehend and he has a wonderful sense of humor. Matt's selflessness and work ethic sets him apart, and I truly value him as a husband and friend. With Matt's laid back and patient demeanor, I feel so lucky to have him in my life. Fatherhood came naturally for Matt. He cares dearly for our son and loves spending time with him. Any child would be lucky to call Matt dad!

Sarah (written by Matt)

My wife is the most compassionate, patient, and loving person I have ever met. She displays kindness and grace when working with her students in class, others at church, and our big family. She fills our home with the joy of music whether it is from our piano or strumming the guitar. Sarah is reserved, but when you get to know her, she constantly makes you laugh and shares in your successes and struggles. Sarah's friends and family know they can reach out to her for support during tough times and provides a listening ear. Sarah is an avid reader, wonderful baker, and tremendous teacher turned into stay at home mother. She is my best friend and has been the best mother who always has the answer and is always loving.

Our Family

We have a big, caring multicultural family that is there for us at the drop of a hat. We are blessed with a family that loves fiercely and is thrilled for us to adopt. We can't wait for the next addition to our diverse and tight-knit family.

We are a sports family. If score is kept, we likely play it. Our favorite family vacations are in a cabin in the mountains. We play cards and board games. We cook big meals and cherish holidays together. Thanksgiving family football and Fourth of July Fireworks are some of our best traditions.

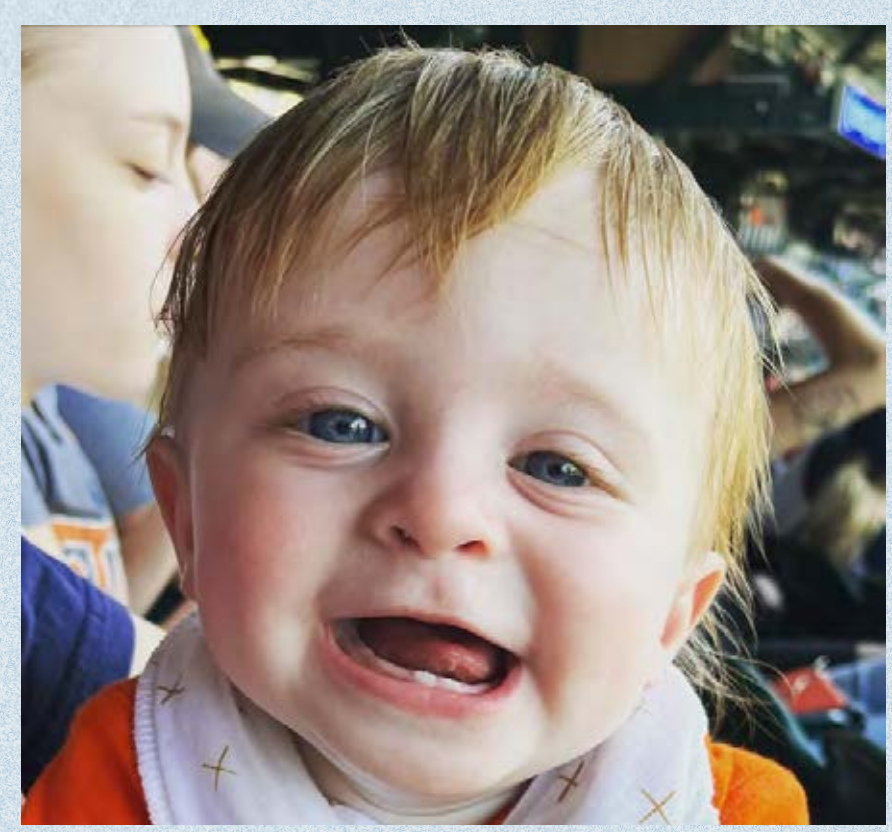
Right: Jackson came into our lives in 2021. We know what to expect with the adoption process and are ready to adopt again! We are both from large families and hav always dreamt of having a large family of our own. We know he will be the best big brother.



Our Home

We live in a ranch style home at the front of a small suburban neighborhood, and love to entertain guests. We host bonfires, dinners, family BBQs and bible studies. Below right: We recently redid our sunroom and love to relax in that space. Below left: We hosted a beautiful Easter dinner with Sarah's family after remodeling our kitchen two years ago.

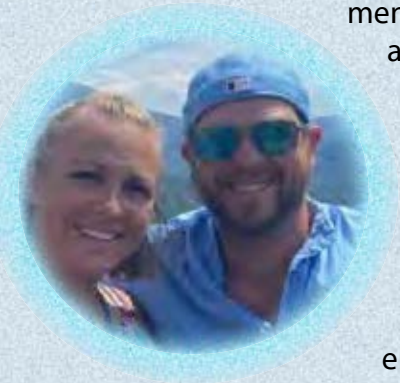
Our Boy

Jackson was born on Oct. 30, 2021. We have been with him since birth. He loves to sleep, laughs at almost everything, especially animals, and loves to snuggle. Our home has never been happier than with him in it. Our dream has always been to fill our home with a large family.

Our Pets

We have two cats named Harley and Wendy. We are dog people but with a little one we're waiting for the right time to bring a dog back into the home.

Dear Birthmother,



We appreciate you learning more about our story. We respect the tremendous decision you have ahead of you and are praying for you as you navigate through your pregnancy. We have always been excited to have a large family since we both grew up with loving parents and many siblings. Holidays, vacations, and family hobbies are things we are excited to do with our own children. Ultimately, we want to love on children the way we were loved.

Sarah is now a stay at home mother, previously she was an elementary teacher for nine years. Matt is an administrator at a public school district. Sarah plays piano and guitar and sings for our church worship team, Matt helps lead the youth group. We believe God has plans for us to have a large and loving family and we can't wait to experience that together.

God's love for all people is deep and wide, and we hope that through adoption we can share that love with children.We are excited to adopt a child of any race, gender, or ability and have many family and friends eagerly waiting to love on them! We are also willing to maintain contact with you if you desire an open adoption.

Thank you for reading our profile. Best wishes with your pregnancy.

Sincerely,
Matt and Sarah

Why Adoption?

Unfortunately we are unable to have children of our own. Thankfully, that has led us to adoption. We adopted our son in 2021 . It was so difficult trying and trying and then experiencing two failed rounds of IVF. But now we know God has other little babies for us to love. Also, we are both from large families. We want our son and future children to have built-in best friends from their siblings like we did!
