Kristin + Logan

About Us

Our story began when we met our freshmen year of college.

We bonded over our shared faith and love for children. We dated throughout college and were married in the summer of 2010. Logan has worked in business and the church while Kristin has worked as a school teacher but now is staying home. We live in a small town with lots of friends and family nearby. We like playing games, going on walks and watching TV. We love riding bikes around town and enjoying activities in the church and community. We are excited to be adding to our family through adoption for a third time and having the opportunity to get know you.

who is Kristin

by Logan: What I love about Kristin more than anything is her willingness to go out of her way for others. Whether it's being kind and nurturing to kids at church or making a meal for someone. Her unconditional love is shown through the many ways she takes care of our children and me. Without Kristin's organization and drive, our house would not function. She is never short on effort in anything she does. She impacts me in so many ways. She helps me to be more compassionate toward others. Her love for her family inspires me. Her love for Christ is also evident through her genuine desire to follow His instructions for her life. We each made a decision when we got married to put God first, family second, and our own needs last. She is an amazing woman and I could not imagine my life without her.

who is Logan

by Kristin: Logan loves to make people laugh! He has a special way of knowing how to make people have fun. He is truly my best friend! Logan enjoys playing sports and coaching the kid's sports. He is a deep thinker and hard worker! It is evident in his success in both work and academia. This man loves Jesus and desires daily to live his life for Him. I love seeing his love for Christ and the way he encourages me to build a stronger relationship with the Lord. He is an amazing spiritual leader of our family. I love watching him as a father to our children. He has an ability to lovingly teach them, correct them and point them back to how to live for God. He provides love, comfort, encouragement, fun and much more to our family!

logan

Season: Fall

Childhood Memory: Baking with my grandma

Bible Verse: Psalm 139

Hobbies: going on walks with friends, drinking coffee, spending time with others, reading books to the children

Vacation: Grand Cayman Islands

Food: Desserts and coffee

Our Home

We live in a spacious ranch style home with 3 bedrooms, 2.5 baths, an open concept floor design with a large living room. We live at the end of a cul-de-sac and our back yard has a beautiful wooded area behind it. We are walking distance to the local school district as well as a college. A cross country track is nearby along with disc golf and walking trails! We love to have people over to our home and you'll often find lots of college students coming in and out. They are like big brothers and sisters to our children. Our community has a fun park playground and plans to add a splash pad. While our community is small, we love the quaintness of it all with local coffee shops, homemade cookies, scrumptious pizza, and a farmers' market during the summer.

Our Family

Selah is a sweet little girl. She is one of the kindest children you'd meet. She adores her brother and they are often found playing together. Selah is a momma's girl and loves to be at home. She is quick to forgive others and seek forgiveness. She is often quiet and reserved yet a deep thinker and a precious sweet girl!

Eli is one of the most fun people to be with. Eli is very caring and can be found comforting anyone if he knows something is wrong. He is always up for an adventure and never one to complain. He is currently playing flag football and LOVES it. He can usually be found playing with his sister, riding his bike and playing outside!

Our dog is a sweet Bernedoodle dog named, Wrigley. She is so gentle with children and so loved. Wrigley has had litters of puppies and will have two more! This family project has been fun and we love finding sweet homes for her puppies.

Our Family

We believe that God intended for us to live life in community. We feel it is important to have friends and family around to provide a support system. We have a beautiful church family that we interact with daily. We meet weekly with our small group and invest in each other's lives. Kristin's sister and mother live an hour away. We make it a priority to see them often. Kristin's mom will often come enjoy kids' sports, dinner or hangout.

Logan has two brothers, one younger and one older, and one older sister. His family is anything but boring. They love to entertain others with through jokes and storytelling. His family is heavily involved in their church and they love sports and music. Between all of Logan's siblings, we have 5 nephews and 2 nieces. We do a big family vacation each summer and our children LOVE spending time with their cousins! Both of our parents love spending time with their grandchildren and enjoy spoiling them

Kristin's Mom on Easter

Playing at the park with cousins

Our family at our towns Chritmas tree lighting

Logans entire family on vacation

At a baseball game

Selah and a friend at her birthday party

Iceskating with friends

Cousins at Great Wolf Lodge vacation

We love watching high school basketball with friends

Dear Birthparent,

We are humbled by the love and selflessness required by a birth mother who chooses adoption and recognize the difficulty of choosing your child's potential adoptive parents. We hope that if you choose us as birthparents, you would know that we plan to raise our children with love and compassion. We are committed to care and provide for their needs, to teach them how to live, and support them in any way that we can. We promise to teach them about their loving birth family and have enjoyed doing so with our two children. We would love to answer any more questions that you may have. We pray that God will lead you to right family for your child, no matter whom you choose.

Logan + Kristin

Building Blocks Adoption Service Inc.

Why adoption?

From early on in our marriage, we desired to grow our family through adoption as an opportunity to testify to God's love for children in need and to make a lifelong commitment to caring for children. We first followed through with those desires in 2014 and then again in 2016 with the adoption of our daughter and son. Through adoption, we hope to instill in others a love for adoption and the joy that children can bring. We enjoy teaching our children all about the love of their birth family and the joy that we have in raising them. We believe that diversity in God's creation is something to be cherished. For this reason, we are open to any race or gender for adoption. We believe it is imperative to teach our children about their heritage and cultural background so that they can celebrate it. It already has been such an enriching experience to learn more about our children's heritage and embrace the value in different cultural backgrounds.
