Becca + Jeff

Jeff's induction ceremony into Hall of Fame

About us

Our journey started thirteen years ago, meeting through an online dating site. We complimented each other well and shared similar life dreams. We got married in June of 2012 alongside our closest family and friends. Once we were through our education, we felt the desire to try and start our family. Going through several treatments with infertility ended with many disappointments. This led us to our adoption journey in 2019 with Building Blocks Adoption Agency. We were blessed to welcome our baby boy in 2020. In our leisure time, as a family, we enjoy many fun activities. We like going to the park, the zoo, bike rides and walks around the neighborhood. We enjoy traveling and vacations with family. We feel we have more love to give to another child. We are looking forward to adding another bundle of joy to our family through adoption.

Our son is an adventurous and loving 2 year old who we welcomed through adoption. He loves to be outdoors and play with his "dog dogs". He enjoys lots of different foods, playing with his toys and exploring. He loves visiting family and giving hugs and kisses. We were blessed to have an open adoption with his birth mother. This includes photos, updates and visits. We are hopeful to grow our family through adoption again and give him a sibling to grow up with.

Becca's Favorites:

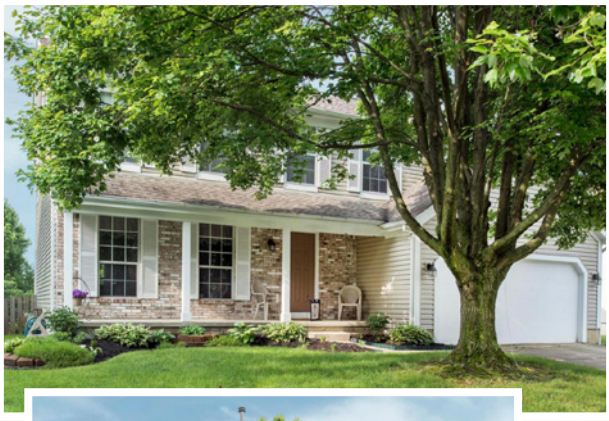
Jeff's nickname is Tiny, which he acquired during high school football • Becca's nickname (BeccaBoo) was given to her from her coworkers because she gets scared easily • • Jeff wears shorts and sandals in the winter • • We grill out in the winter •

About Becca

Written by Jeff Becca's love for our son shows through all the care she provides for him. From prepping him healthy delicious meals to reading books before bedtime. Becca's always planning fun weekend activities for us to do as a family such as holiday events, zoo trips, or just running errands. Becca has a gentle touch and provides a calming and safe vibe when our son is not feeling well. She is very nurturing when our son is under the weather.

About Jeff

Written by Becca Jeff is very kind, intelligent, caring and would do anything for anyone. He is a jack of all trades and if he can't figure it out, he's determined to find the answer. He goes above and beyond in everything he does. As a father now, he has shown me what absolute unconditional love is. He has a heart of gold and is my feeling of home. He was born to be a dad and kids love to be around him. He is over 6ft tall, our son loves to play and climb on him. He finds light in all situations and keeps me laughing even when I'm having a bad day. I know as along as we are together, we can accomplish



Our home

Our home is a single family 2 story, 4 bedroom, 2 ½ bath with a spacious basement. Our home is filled with love and laughter. Our patio and fenced in yard are great for entertaining our friends and family or playing fetch with our dogs. Our neighborhood is full of diversity and kids of all ages. We live in a convenient location where we are close to nearby playgrounds, bike paths, shopping, restaurants, churches, and hospitals. Our school district is one of the top schools in the area. We are excited to see how many more memories we can fill this home with.

Our furbabies We have 2 rescue dogs, Molly and Roxy, who we absolutely adore! Molly is a loving 11-year-old Boxer-Lab mix and Roxy is a spunky 13-year-old Chihuahua terrier mix. They love to cuddle and play nicely with our son. Our son loves chasing and playing with them.

Our family + friends

Becca's sister holding our son

We have been very fortunate to come from stable, loving families who have supported us in everything we do. Becca has 2 younger sisters close in age, who she considers to be her best friends. Becca lost both her parents to cancer in the last 13 years. Jeff comes from a relatively larger family and extended family. Jeff has 1 older sister, 2 older brothers and 6 nieces and nephews. We see each other's families often, including holidays, birthdays and random weekends. You can find us eating good food, sharing childhood memories and playing board games. Our families were excited about our first adoption and has shown our son genuine love. Their hearts are overfilled with joy and excitement of welcoming another child to our family. We know how important family is and we want our son to have a sibling to share a bond with. We make yearly vacations to Florida and Tennessee, and we can't wait to add an additional little blessing into our adventures.

Jeff's mom, brother and family

Dear birth mother,

Thank you for the time and interest in getting to know us through our pictures and story. We are excited for the potential of meeting and being a part of the child's story of which we are chosen. The consideration of us to be a part of that is beyond thank able. Being that we are a biracial family, we are open to all race, gender and ethnic backgrounds. Any child that comes into our family will blend in and be celebrated. If we are blessed with a biracial or mixed-race child, we will incorporate their cultural background learning throughout their childhood. Being in a diversified city helps grow and cultivate a multi-culture environment. We are ready to give our unconditional love to a child and expand our family through the miracle of adoption. We are incredibly humbled you have considered us along your journey. Sending you love and strength.

Jeff + Becca

why Adoption

We have struggled with infertility issues through the years and exhausted our efforts in trying to conceive on our own. Adopting our son has given us much joy and we've treasured every moment with him. Our aspiration is to build our family and create ever lasting memories. We have several family members who have either been touched by foster and/or adoption. We have seen the positive outcome for adoptive parents, birth parents and child. Our love is too big for just three people, and we want to share it with a beautiful child.
