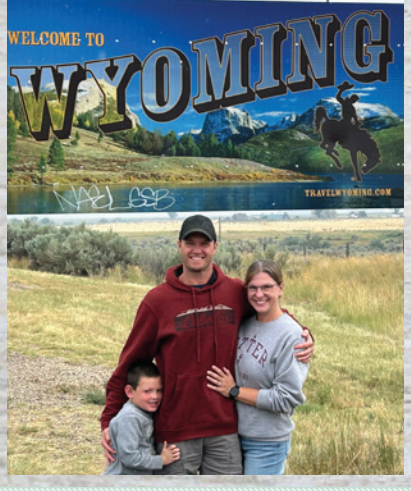
Gordon & Rachel



About Us

We "met" on Match.com. Our first date was at a local ice cream shop, then we walked down to the beach. It was amazing how the conversation flowed and how quickly we connected. From that first day we knew we were meant to be. We married in February 2015; we have built a wonderful life and family together.

Gordon works as an Air Traffic Controller, just like his dad. Rachel works as a Paraprofessional with the Special Needs Class at the local Elementary School. As parents we value our time together as a family and encouraging our son to explore his interests such as baseball, piano, and science. We teach our son to treat people with kindness, respect, and love by our own actions.

Our Home

We live in a beautiful Cape Cod style log cabin with wrap around porch, and a movie theater Gordon built. We live on almost 5 acres with a lovely firepit, inground pool with entertaining area and pool house. We have a garden where we grow veggies, we also have grape vines and apple trees. We live in a quiet and friendly rural area close to the beach in a very charming town. We have a Labradoodle named Ginny. She has been the sweetest addition to our family. She is a sweet, snuggly girl who loves to play outside and go swimming. She is very gentle with kids and other animals. She loves playing with our neighbor's dog and chasing after Gordon and Nolan when they are riding the 4-wheeler.

About Gordon by Rachel

Gordon is the kindest, most patient, and caring man I have ever met. The first time we met I knew I had found my prince charming. He works hard and provides for our family. He is fun-loving and can be such a goofball. He always makes sure the time we have together is special. He loves fishing, doing science experiments with our son, setting up the telescope and showing the neighbors, friends, and family the planets, galaxies, and constellations. He is such an amazing father. I know he will give just as much love and attention to another child. Our son and I are so blessed to have him. I know any other child that comes into our family will be just as loved as Nolan and I are.

About Rachel by Gordon

Rachel is a caring, strong, and intelligent woman. The first thing I noticed about her was her beautiful smile. She has proven herself to be an excellent mother to our son as well as a great aunt to our nieces and nephew. They always enjoy the time they spend with her. Rachel has something special about her that kids are just drawn to. She is a hard worker taking care of our son, home, substituting at the local elementary school and helping her sister out when needed with her cleaning business. Rachel is also, a talented photographer capturing some beautiful photos for us, family and friends. She is the best wife I could ask for. She has done an amazing job making our house a home and is such a welcoming hostess for all the gatherings we have at our house, be it for birthday parties, annual baking day and parties for the holidays. I am very blessed to have Rachel as my wife as is Nolan to have her as his mom.

About Nolan

Nolan, our son, was adopted at birth, he came to us at 24 hours old. He is a very active, sweet, intelligent, and truly kind little boy. He likes school and having playdates with his friends and cousins. He also loves playing with our dog Ginny. He is learning to play piano, and has been playing by ear since 3 years old. This past year we were able to get him into lessons. He likes to play baseball, soccer, board games, fishing, swimming, playing video games on rainy days, and playing outside as much as possible. He has a monthly subscription to KiwiCo, and really enjoys doing the experiments with Gordon. Some of his favorite things are pizza, mac and cheese, cake and going on vacation, he loves to fly! His favorite vacation so far has been Disney, his favorite park is EPCOT.

Our Family

Our family means the world to us! We are so blessed to have people with such beautiful hearts to support us and share all our joys. Most of Rachel's family lives within 45 minutes of our home. We get to visit with them often which is lovely. Rachel grew up in a loud, fun-loving, God centered family with many children between her sister, brothers, and cousins. We have an annual family baking day at Christmas time, which includes our closest friends. Our friends are extended family to us. We also host summer, fall and Superbowl parties. Having such a large family so close means there is a lot of love and laughs.

Gordon's family all lives out of state. We are lucky to be able to visit with them many times throughout the year. We all get together at Christmas and again in the summer. Gordon's Dad visits a few times a year, Gordon's mom has recently passed away. We visit them in the spring to go fishing and in the winter to go snowmobiling. In the summer we either meet at his brother-in-law's hunting cabin or at our house to spend time with Gordon's sister and her family. We always make the most out of the time we have with them.

We love spending time with our family and friends for cookouts, bonfires, birthday parties, cheering on our kids during sporting events and local sports teams. It's so nice to have our home full of laughter, great conversation, music, and smells of all the homemade food.

Nolan's God Parents and kids

Hello, We are Gordon and Rachel. We are so excited to be bringing another child into our family though adoption. We hope that our story will help you in making the decision you feel is best for you and your child. We met almost 10 years ago and knew we had found our forever person. We married in 2015 and have been enjoying many adventures ever since.

Adoption has always been in the plan for us, even before the season we went through with infertility. After so many treatments it was clear that there was another plan for us. We adopted our son, Nolan, in 2017, he was placed in our arms at 24 hours old and has been making our lives and hearts full ever since.

Gordon is an Air Traffic Controller and Rachel plans to stay at home with the addition of another child. Gordon gets lots of time off throughout the year, so we get to spend lots of time with family, friends, and travel. We also have a Labradoodle, 3 fish and 1 dwarf hamster. Nolan is beyond excited to be a big brother.

Our supportive family is thrilled that we are adding to our family through adoption again and bringing another baby for all to love. Thank you for taking time to get to know us. Please know that no matter what you choose, we wish you and your child all the best and will be keeping you in our prayers.

Wishing you all the best,

Gordon and Rachel

Why Adoption

Adoption has always been a part of our plan even before our season with infertility. We adopted our son in 2017, as a newborn. He is so excited to become a big brother just as we are to grow our family. We have no preference on gender, race or ethnicity. We just look forward to welcoming another child in our home.

Our Promise to You

More than anything we want you to know that no matter what you decide, we are praying for you and wish you all the best. If you choose us, we will love your child unconditionally and will help him or her to grow up to be the best person he or she can be. We promise to provide an upbringing with values such as generosity, kindness, respect, and love every day. We will also encourage your child's hopes and dreams. Lastly, we promise that your child will always know where he or she came from and how much you loved him or her.

Thank you for taking time to look at our profile and getting to know us a little better.
