LINDSEY & STEVE

ABOUT US

We grew up in neighboring towns only 10 miles away. Lindsey grew up in town and Steve grew up on his family's farm. We were introduced through mutual friends on a trip to an amusement park. We kept in touch through college and were married a few years later in 2010.

Lindsey works part time for their church which allows her to be at home a lot. Steve runs his family's dairy farm alongside his dad.

We have a daughter named Scarlett, who is beyond excited about being a big sister. She is smart and kind, loves adventure, watching movies and helping babysit her cousins.

We value our family, friends and our small knit community. We were both raised Catholic and actively participate in our local parish.

ABOUT STEVE (written by Lindsey)

Steve is the hardest working person I know. He does everything wholeheartedly and strives until he succeeds. He never complains even when life doesn't go his way. I admire his discipline towards his family, faith and work. Steve cares about my needs and is completely devoted to our marriage and family. He loves high school football, ice cream and napping on Sundays. He is a great story teller and always up for one more horsey back ride.

(written by Steve) ABOUT LINDSEY

Lindsey is a giver and very devoted to her roles as wife and mother. She gives herself to our family, our house and to the church. She is always putting others before herself. She is always there for me especially when I need her to help talk through important decisions. She is a great mother to our daughter and always onboard for any craft or baking adventure, no matter how messy. I love watching her spoil our daughter with affection. She is the glue that holds our home together and takes pride in her work in and outside of our home.

OUR HOME

We live in a beautiful farmhouse that was built by Steve's grandparents when they were first married. We have remodeled almost every room in the house. The area that we live in is surrounded by many quiet, friendly communities. We have cows, chickens, cats and a dog named Raya, who has lots of energy and is always ready to play. Our barnyard is a wonderful playground with a swing set, sandbox and lots of area to run and play.

OUR FAMILY & FRIENDS

We both come from large, close-knit families. Steve grew up in the house that we currently live in. He has three sisters. His parents are our neighbors and help run our farm. Lindsey has two sisters. Her parents are retired and still live in the house she grew up in. We have a total of 15 nieces and nephews. We get together often to celebrate holidays and birthdays and spend many weekends together camping or boating and taking summer vacations.

DEAR BIRTHMOTHER,

Thank you for taking the time to view our profile and get to know us. We hope that by sharing our story and pictures you will be able to make the best decision for you and your child.

If you choose us, we will provide a loving home with an upbringing focused on kindness, respect and a love for life. We will be there to support and encourage as his or her natural gifts and abilities develop. He or she will have loving grandparents, aunts, uncles and many cousins, but best of all an excited older sister who has been praying for a brother or sister.

We have been overwhelmed with love and support from our family and friends on our decision to adopt and we want to share that same love and support with you and your child. No matter your decision, you will forever be in our hearts and prayers.

WHY ADOPTION?

Since the beginning of our relationship, both of us wanted to have a large family. We have watched several families close to us grow their family through adoption and after many years of infertility, we began our own adoption journey. Adoption is a beautiful gift and we hope to share it with you.
