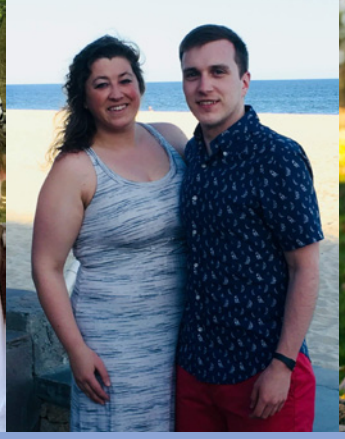
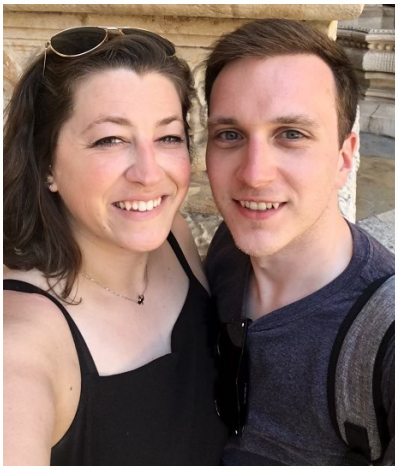
Jon & Hannah

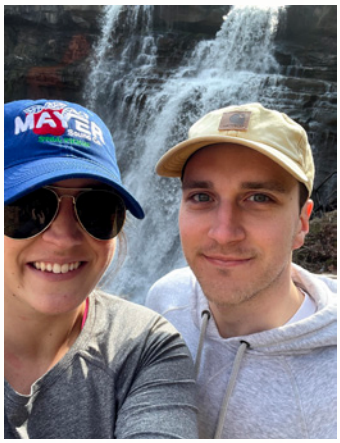


About Us



We both graduated with our bachelor's degrees from the same college where we were both active on campus. Our organizations frequently socialized together. We both even worked at the same store near campus! Right after college our good friends had a wedding that we both attended. But none of this is how we met...

It wasn't until after college that a change of plans with friends finally brought us together and we have been ever since. We have now been married for over 4 years, lived in our home for over 5, and adopted two dogs along the way!



Outside of Jon's occupation of being a Supply Chain Analyst and Hannah working towards a new career path, we love spending time together and with our friends and family, playing board games, enjoying our backyard, going to concerts, vacations, and watching our favorite shows and movies. Whatever we are doing or comes our way, we truly have a strong partnership where we are there for each other no matter what.

Neighborhood Pool

Our Home

We have lived in our cozy home for 5 years now. Our home is a 4 bedroom, 2.5 bath Colonial with a fenced in backyard. The neighborhood is a large development with sidewalks, tennis and basketball courts, a playground, and various social clubs. During the summer, there are numerous educational activities for different age groups and even its own pool! Our neighborhood is a diverse neighborhood, both in cultures and ages. We are not far from shopping, recreational services, entertainment, or restaurants. All these things are what attracted us to the area, knowing it is a great place to start and raise a family.

Hannah *written by Jon*

When thinking of Hannah, I am always reminded of how fortunate I am to have her in my life. Her smile, humor, and positive outlook on life brings joy to me every day. I have never met anyone so devoted to her family and friends as much as Hannah. She will go the extra mile for anyone and will always be available to listen in any situation or to lend advice. She constantly impresses me with her hard work and her ability to stay grounded no matter what the situation. It's been a blessing to watch her become an aunt to our two nieces. Whenever we can be around them, her gentle nature and playfulness are amazing to watch. She is an outstanding partner and wife, and I am excited to raise a family with her.

Favorite food: Pizza

Favorite Dessert:
Cookies & cream ice cream

Favorite Holiday:
Thanksgiving and Christmas

Favorite School Subject:
English/Language Arts

Favorite Season: Fall

Favorite Animal: Horses

Hobbies/Activities:
Yoga, Taking our dogs for walks, Musicals/Performing arts, Reading, Baking/ Cooking

Favorite food: Chicken Wings

Favorite Dessert:
Yellow cake with chocolate frosting

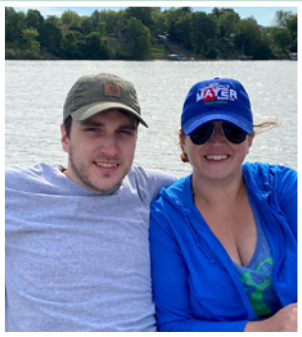
Favorite Holiday:
Christmas

Favorite School Subject:
History

Favorite Season:
Football Season

Favorite Animal: Rhinos

Hobbies/Activities: Reading, Playing with our dogs, Going to museums, Playing guitar, DIY Projects



Jon *written by Hannah*

Jon is someone who constantly amazes me with his kindness, work ethic, intelligence, and humility. He is always striving to do the best he can in whatever situation. Every day I realize how lucky I am to have met and created a life together with someone who has the ability to look at every situation with such logic and a clear head. Every day, I also find myself asking, "...how do you know that?" because of his intelligence. The loss of his sister at a young age may have been one of the most difficult things for him to cope with, but he has not allowed that to dictate his happiness and joy in life. He's never afraid to make a situation lighter when it is needed by adding humor to it, even if it is at his expense. I watch him interact with our nieces and I know that any children we raise together will have a dad who is eager to teach, has nothing but acceptance for others, and love for his family. To put it simply, I think my niece said it best, "Don't tell him, but Jon's a REALLY nice guy!"

Our Family

Hannah's family

Our family is small, but mighty! We both are very close to our families and family is a very impor aspect of our lives, whether it be immediate or exte

Hannah has always been family oriented and appreciates that her family all live nearby. She has an older sister and younger brother. Her older sister and her husband have two daughters, ages 5 and 3. They are very bright, social girls who are constantly giving our family funny one-liners and entertaining memories. Her younger brother and his girlfriend have an Australian cattle dog, Rosie, who keeps them very active. Her parents, who still live in Hannah's childhood home, are always there to lend their love, support, a helping hand, and a "home-base" to her and her siblings.

Jon and his parents

Growing up, Jon had an older sister who unfortunately passed away at a young age. While this was devastating, he was lucky enough to have many friends who lived near him who felt as close as siblings. Jon and his parents are very close even though they live in a different part of the state. They talk multiple times a week (even multiple times a day) and regularly visit him & Hannah. Both of his parents are now retired which will provide even more time for family visits and vacations.

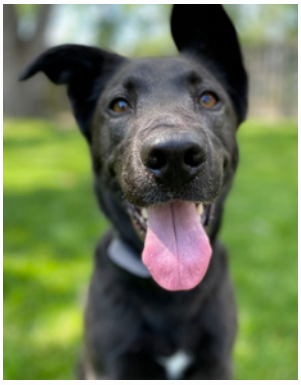
Jon and his friend



& Fur Family

We have two dogs. Wally is a 7-year-old collie-hound mix. He is a very goofy dog who mostly just wants to cuddle on the couch with you or nap in his bed or favorite chair. He loves sitting outside in the backyard and watching the birds, squirrels, and saying hi to our neighbors through the fence. He is great with kids and strangers and just wants to say hello when he sees them. Trix is a 4-year-old black lab/shepherd/husky mix. She is a very sweet, affectionate, and smart dog who loves going on walks, playing catch for hours on end (...and we mean hours...), or laying in the sun in the backyard. Always eager to please, she loves having a job to do and will always be available for any belly rubs or head scratches.

Dear Birthparents

Your courageousness and selflessness in making this decision goes without saying. From our profile, we hope you have seen that we would raise any child in a loving home that values family, humor, quality time, empathy, acceptance of others, and fun. Whether it's a family vacation, game or movie night, having a backyard bonfire, we cannot wait to make amazing memories together as a family. We are fortunate to have the financial ability and life balance to provide a happy and stable home for any child that we are given the opportunity to create a family with. While being open to accepting a child of any cultural or racial background, we would have an environment that supports and celebrates every aspect of themselves. Educating ourselves in those areas along the way would be an important part of our household. We promise that your child will always be safe and loved with their best interests at heart. Thank you for taking the time to consider us for this amazing responsibility and journey.

With gratefulness and respect,

Jon & Hannah

Why Adoption

Due to infertility issues, we knew that adoption would be our path to starting a family one day and we happily welcomed the journey. We know that there are so many ways to creating a family and that adoption is a beautiful way to do that.
