Kevin and Sarah

About us

Our journey began in 2016 with a chance encounter on Match.com. A single subscription fee and an email from Kevin led to an exchange that neither of us could resist, sparking a lifelong bond. Despite living an hour apart for the first two years, our connection grew stronger, leading us to get engaged and move in together. In 2020, we celebrated our marriage.

When we met, Brayden was just two years old. Over the years, he's grown incredibly close to Kevin, who he affectionately calls "Daddio." Our family enjoys a variety of activities together, from attending live sporting events and hosting game nights with friends, to relaxing with Netflix on weekends. We cherish every holiday, embracing classic traditions like egg decorating contests and gingerbread house building. Each year, we also make it a point to take a special trip for Brayden's birthday.

At the heart of our family is a sense of playfulness and joy. We love joking around, being goofy, and making the most of every moment we share. Our relationship and family life are defined by our ability to stay lighthearted and find happiness in everyday moments.

about Sarah

Written by Kevin: Being married to Sarah is truly a blessing. She is reliable, compassionate, and an all-around admirable person. Sarah has a unique ability to motivate others to become their best by encouraging them to care more, communicate better, and strive for personal growth.

In her professional life, Sarah excels as a nurse in a multi-specialty practice, demonstrating incredible dedication and hard work. Despite her demanding career, she manages to lead an active lifestyle and remains deeply committed to our family.

Above all, Sarah is a devoted mother. Her unwavering commitment to Brayden's well-being is nothing short of inspiring. Ensuring that Brayden has everything he needs to thrive is her top priority. With a heart full of love and a nurturing spirit, Sarah is excited to extend her love further by welcoming another child into our family.

about Kevin

Written by Sarah: Kevin works as a Sales and Operations Analyst and thrives on staying active. He enjoys working out at home and playing basketball, which fuels his passion for coaching. For the past eight years, Kevin has coached 7th and 8th grade basketball at a local middle school, as well as coaching our son in both basketball and baseball. It's a joy to witness his ability to connect with kids of all ages and his dedication to their growth.

Kevin is known for his caring and generous nature. For 19 years, he organized a basketball tournament in his hometown, with all proceeds going to charity. His friendly and outgoing personality makes him a pleasure to be around, and he consistently speaks positively about everyone he meets. A devoted Christian, Kevin is committed to growing his faith and living out his values every day.

about Brayden

Brayden is brilliantly creative, funny, and has a very kind heart. He loves baseball, basketball, Legos (really anything he can build, or take apart), video games, “tablet time” and would live outside if we let him. He is a very active child, but also loves to snuggle up and read a good book. Brayden loves to swim at the community pool and visit local splash parks. He really enjoys helping in the kitchen with cooking and especially baking. His helpful spirit and patience with his younger cousins, makes us certain he would make the best big brother.

our Home

We live in a beautiful four-bedroom home that we were fortunate to build in a newly developed neighborhood. This new street has allowed us to become part of a vibrant, caring community, where we’ve formed close friendships with our neighbors. Our community is bustling with activity, filled with the joyful sounds of children playing and families enjoying the outdoors.

Our home is conveniently located near both of our workplaces, as well as the city library and a local park. Additionally, we’re just a short drive away from various fun activity centers for kids. We look forward to raising our children in this community.

OUR *family and friends*

We both come from families with three children and large extended families, which has given us the blessing of growing up with siblings and close family ties. We cherish the opportunity that siblings provide for lifelong companionship and are excited about the prospect of our son forming a similar bond with a new little brother or sister. We are both very close to our parents and make it a point to see them regularly. Our extended family includes five nephews and three nieces, who bring so much joy to our lives.

We are fortunate to have a supportive group of friends, many of whom have young children of their own. We enjoy spending time with them, often gathering for game nights or table shuffleboard. Their encouragement and support as we pursue adoption mean a great deal to us.

Dear Birthparents,

Thank you for taking the time to read our profile. We are here to answer any questions you may have and are grateful for your consideration. We deeply respect and admire the selfless decision you are making. If given the opportunity, we promise to raise your child in a loving, faith-filled home. We have always dreamed of completing our family with a fourth member. Although our journey was unexpectedly interrupted due to Sarah's health, we believe that this detour has led us to our true path: expanding our family through adoption. Thank you for considering us. We are excited about the possibility of sharing our lives, love, and values with your child.

why ADOPTION?

Our path to adoption began with Sarah's diagnosis of kidney disease, which presented significant risks to another pregnancy. While this diagnosis was frightening, we are relieved that Sarah's health is stable. Although we cannot have additional biological children, we are grateful that Sarah is healthy and fully capable of caring for a future child. Having witnessed the profound bonds and love within adopted families throughout our lives, we are confident that adoption is the right path for us.

We believe every child is a precious gift from God and are excited about the opportunity to welcome a child into our family, regardless of race or gender. Our only focus is to share the abundant love we have with another child and to offer a nurturing and supportive home.
