
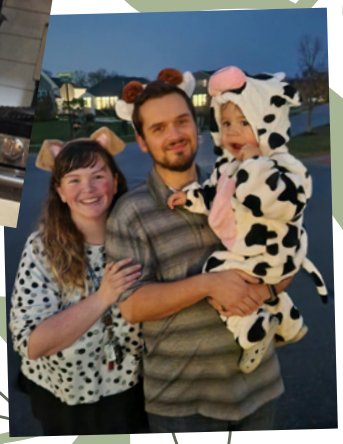
Tim & Becca

about Us

We met freshman year of college working together in the cafeteria. Tim was a little bit shy, so Becca invited him to join her group of friends on a hike. We ended up staying back after the hike and talking for hours, and have been best friends in love ever since. We got married shortly after graduation and have been building a wonderful life ever since. Early in our marriage we got our sweet pups, Teddy and Summer. Four years later, we were blessed with the opportunity to become parents. After dealing with infertility issues, Becca became pregnant and our son, Gabriel, was born. Parenthood is everything we could have asked for and more. Creating new family traditions has been so exciting. We take a yearly cabin trip where we can truly appreciate nature, peace, and family time. Every holiday we get to spend with family and friends. We make gingerbread houses, do Easter egg hunts, have beach days & barbeques around Fourth of July, and large Italian-style thanksgiving feasts. We look forward to experiencing all these traditions with our growing family.

our son Gabriel

Becoming parents has been the greatest blessing. Gabriel is the most kind, loving, creative, & smart child. He loves building like Bob the Builder, riding bikes, digging in the garden, going to the aquarium, & driving his electric tractor. He loves trips to the library, museum, arcade, and petting zoo. He is so adventurous and loves trying new foods. Gabriel is excited to be a big brother and can't wait to meet "his baby." He will be the best big brother showing love, care, and patience.



our Home

Our home is a safe and comfortable place where friends and family come to enjoy each other's company. It is located in a safe and quiet neighborhood in the country. We live in a two story single family home with two acres of land. One acre is fully fenced in, giving our son and dogs the ability to play freely outside while also being safe. Both sets of grandparents are within a 15 minute drive and visit often. Our home is close to the library, a few nice parks, and the local lakeside beach.

About Tim
by Becca

Tim is the rock of our family. He is the most dependable, most reliable, and strongest member of our family. Tim is our foundation, providing support and security during challenging times. He is loyal, patient, easy to be around, and a great listener. Tim is a genuine and kind person within his relationships with friends and family. Tim is more quiet and reserved, so when he gets comfortable and shows his inner goofy side, it shines so much brighter.

About Becca
by Tim

Becca is a wonderful wife and mother—selfless and devoted, always making time for friends and family even when life gets busy. She is confident, kind, and resourceful, consistently ensuring our family has everything it needs. Without her, things would quickly fall into chaos. As the more outgoing one, she keeps us connected, making plans and nurturing friendships in a way that brings out the extrovert in all of us. She is truly a blessing to have by my side.

our Dogs

Meet our two fluffy family members Teddy and Summer. They are 100% hypoallergenic Wheaten Terriers. Teddy is our "grumpy old man" dog. He would rather be left in peace and take a nap, unless Gabe has the treats in his hands, and then they are best friends. Summer is truly Gabriel's dog. They go everywhere together. Summer is pure energy and happiness. You will always find her by Gabe's side and giving him lots of little kisses.

our Family & Friends

We are blessed to have both families close. Tim's parents, Brad and Margo, moved closer shortly after Gabriel was born. They have been a great support system while building our family. They are both retired and help with watching Gabriel part time. Tim's sisters may live a bit further, but they are still a huge part of our lives. Becca's parents, Dave and Liz, moved closer shortly after Gabriel's first birthday. They have been a great help to our family. They are also retired and help with watching Gabriel part time. Becca's brother, Davey, and his partner, Kelsy, have been a huge part in our lives. They lived with us for a short amount of time until moving into their new apartment, and it was great having family so close.

We have a few close friends who help provide support and love to our family. We love to spend time with friends going to the beach, hiking, and trying out new restaurants. Our friends are part of Gabriel's life to the point where he calls them his aunts and uncles.

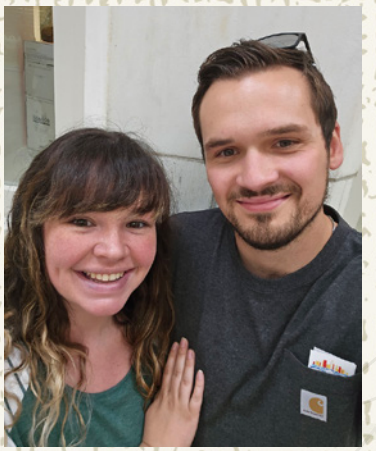
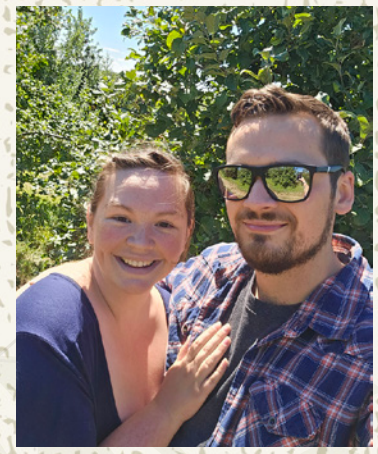
Dear Birth Parent(s),

Thank you for taking the time to read our profile and considering us in this adoption process. We want to express our deep gratitude and respect for your brave decision. We promise to provide happiness, love, and safety. Our family will cherish this blessing you have provided us. We appreciate your sacrifice and giving us the ability to grow our family.

Sincerely,

Tim & Becca





why Adoption

Our family would like to grow through adoption. Becca went through pregnancy with multiple risk factors that led to a 3-day long birth with multiple complications. Afterwards, doctors informed us that another pregnancy would be too risky. A year after Gabriel was born, we knew that we wanted to continue to grow our family. We have always had a heart for adoption, especially since Becca is an adopted child herself. Becca and her brother Davey were both infant adoptions. We hope that with this history and understanding, that we could provide the best home for another sweet little baby boy or girl.
